

THE PAST, VIA POST

Revolution by Mail Subscription

Your mailbox is about to become a time machine. You've been gifted an American Revolution History by Mail subscription—monthly replicas of the letters, royal proclamations, and newspapers that paved the colonies' road to independence. Each document is reproduced in such painstaking detail, it'll transport you to the eve of the Revolution.

Your first letter is already on the way via UPS. Subsequent mailings will be shipped on the 15th of each month and arrive via U.S. Postal Service First-Class Mail. Be on the lookout for a standard-size, parchment-colored business envelope bearing this History by Mail logo:
